

CK SURGITECH

ENSURE™ COAGULATION GRASPER

10 PIECES/BOX

ORDER CODE: CF230-A

- Tapered jaw for versatile application where a thinner distal tip is optimal
- Flat jaw for wider and evenly dispersed distribution of thermal therapy
- Fully rotatable with unrestricted open and close functionality
- Serrated jaws provide anti slip action, which facilitates grasping of the tissue to provide mechanical tamponade prior to thermal application
- Sheath diameter only 2.4mm
- Opening jaw width 6.7mm
