IN02-255232302	sclerotherapy needle 25g x 5mm spring return (box 10)	230
IN02-256232302	sclerotherapy needle 25g x 6mm spring return (box 10)	230

Features

Benefits

One-handed operation	<ul style="list-style-type: none"> Ergonomically designed one-handed operation enables confident needle deployment that enables rapid needle retraction The innovative design limits accidental needle deployment during insertion and removal
Luer-lock, spring loaded ratchet handle	<ul style="list-style-type: none"> Provides audible confirmation and secure locking of the deployed needle during use. As the needle is advanced, the ratchet gives tactile feedback and helps to reduce needle bounce The quick release button returns the needle fully into the sheath Protects against scope damage and needle stick injuries
Protective metal hub	<ul style="list-style-type: none"> The rounded metal hub protects and guides the needle during insertion and deployment and prevents the needle from penetrating the sheath The recessed metal end cap and firm catheter aid insertion performance through various scope positions
Availability of varying needle lengths and gauge sizes	<ul style="list-style-type: none"> Contributes to improved clinical outcomes for both patients and clinicians
